8:10 Review Peake Cemetery, Report on November 2021 & April 2022 maintenance of Peake Cemetery and conditions of graves, cooperation of landowners Walter Jeffries and Adrian Otterman. Kevin Wilson brought concerns re: deed for cemetery. Wilson says Selectboard needs to legally prove ownership to cemetery otherwise landowners might remove or damage graves. Wilson says an agreement was made between Jeffries and the Selectboard in late 1990's that affects access. CC Agnew said attorney representing Jeffries sent letter denying town right of way access. Wilson alleges acting town clerk disposed of records relating to Peake Cemetery and that Mike Patton, then town forester ran a kidder through Peake Cemetery. CC Coronado reported no damage to standing grave stones that would indicate such damage. Wilson offers to help maintain Peake and CC Coronado & Agnew agree to inform Wilson of progress on deed request for Peake Cemetery.

9:05 CC Coronado makes motion to adjourn, CC Agnew seconds motion.
