

Town of Orange
Grant Committee Meeting
September 23 2024 - 1 pm
Orange Town Complex

In attendance: Steve Simpson, Lee Cattaneo, Emily Ruff

1. Call to Order

At 1:10 pm Ruff called the meeting to order.

2. Agenda Revisions

Simpson asked to discuss received grant money.

3. Review Current Grants in Progress including MERP Application

Committee reviewed the assessments, noting discrepancies and errors. We noted the assessments did not consider the condition of the roof, or orientation of buildings. These will be noted to CVRPC in the submission. Project management costs and structural costs such as roof will be assessed. Upgrade of transformer, and condition of Williamstown substation, were discussed.

4. Other Business

The RFQ for the Evaluation for the structural buildings is still stalled. Deadline is December of this year. Cattaneo will contact Eli Toohey for advancement.

Traffic decision needs to be made in the next week as to whether to have the consultant do the work and send to VTrans. Cattaneo and Simpson will schedule a meeting of Planning Commission and Selectboard for 10/9 to confirm the direction.

Simpson reported on received grant monies.

5. Adjourn

At 2:38 pm Ruff made a motion to adjourn, Simpson seconded; all members voted in favor.
